

Highbury Primary School Newsletter

Week Commencing 13.05.2019

Dear Parents and Carers,

Attendance is on the UP! 95.85%. Please keep it up, everyday counts. We really want to end at 96%. Your children really do love school especially now the sun is out!

The very best of luck to all our year 6 students this week as they take their SATS tests. Stay relaxed, focused and give your best. As a little treat and to celebrate the children's hard work we start every day this week with breakfast in the hall.

After school clubs have started again and have always been a big success. A massive thankyou to all the staff who put a lot of hard work, preparation and planning to make these clubs the success they are.

Mr Rudkin has been busy with sporting events. The year 3 and 4 boys have enjoyed taking part in a football tournament after school every Tuesday. The children are enjoying their daily PE lessons in this beautiful sunny weather. Please ensure you provide your child with a PE kits, water bottle and sun cream if required.

The School PTA now have two new chair persons Stef Winter and Louise Prowse. We look forward to seeing what amazing ideas and plans they have for us. We would like to thank Sarah Bull and Josey Cooper for all the hard work and time they have put into the PTA. If you are interested in joining the PTA or helping at any of the events please speak to Stef Winter, Louise Prowse or ask at the school office.
