

## **PE Premium Provision: Highbury Primary 2018-19**

Sports Premium Funding Allotted amount: £11,317

PE/Sports Coaches	£27909
Transport for attending events	£100
Competitions	£500
CPD + New Curriculum Resources	£200
Total	£28709

### **Targets 2018-19**

- Continue for PE to be taught progressively throughout the school each day using the National Curriculum framework.
- Provide training opportunities for new PE coaches.
- To continue to develop community links to promote sporting opportunities in the wider community.
- To ensure more children participate in Highbury University - Rock Challenge
- To increase the opportunities for sport during Highbury University afternoons.
- Sport coaches and play leaders to continue supporting lunch time games.
- Increase participation of Pupil Premium children in sporting after school clubs.

### **Target 2017-18- Achieved Comments**

- Continue for PE to be taught progressively throughout the school each day using the National Curriculum framework.
- Continue with all children meeting or exceeding national expectations in PE by Summer 2018. (All pupils to progress at 90% or more).
- To develop use of all sporting equipment available, enabling a wider range of resources to enhance the children's experiences with in PE.
- Play Leaders to continue supporting break time games.

- Increased participation in after school sport clubs with five members of staff running sports clubs and different sports were offered every day.
- As the children do daily PE they have developed highly skilled PE attributes and win a number of awards and this standard is reflected in 38% achieving GD.

### **Impact 2017-18:**

- Each class had  $\frac{1}{2}$  hour PE every day.
- Increased encouragement to have a healthy lifestyle through development of vocabulary and activity/skill development.
- Specialist sport coaching - new opportunity for community involvement links with Portsmouth Tennis Centre and UP for Sport Girls Football and PITC. Links have been made with Portsmouth Schools' Partnership and community sports clubs. Coaching has been offered as a result of offers made to the school.
- Increased involvement in an increased range of competitions and activities across the city, providing opportunities for all year groups and increasing participation outside school. As a result the school was invited to the Hampshire Games for Athletics for the first time.
- Non-participants/able/'disadvantaged'/SEND identified and targeted for ASCs/activities and competitions
- A significant feature of this year has been that PE provision has sought to extend and broaden pupils' experience of physical activity as a life-long skill. Groups of children have attended festivals and competitions outside school as part of their PE programme. This has both deepened their learning and ignited their imaginations about the possibilities of sport activity. A range of children have been chosen or selected to attend events for a variety of reasons, not just sporting achievement.
- On average 99% of pupils attained the national average or above in PE. On average across the school 38% of pupils are working at depth.

### **Children's Courses/Events/Festivals/Shows**

Highbury Primary School are proud to belong to the Portsmouth School Sport Partnership, which firmly believes sport, and all that it encompasses truly can change the lives and aspirations of young people, and it contributes towards the achievements of each individual's potential in all facets of their personal development. PE and Sport at Highbury Primary School develops personal, social,

physical, creative and cognitive skills and helps the children to develop a knowledge and understanding of fitness and health, determination, resilience, courage, self-belief and communication.

All Portsmouth Primary School PE competitive opportunities are identified as Gold, Silver and Bronze levels. This helps to assist with Talent ID, feeding into clubs and participation only.

**GOLD-** Winners/ Runners up

**SILVER-** Emphasis on winning, winning teams are presented with medals and certificates.

**BRONZE-** Emphasis on participation, although certificates/ medals awarded for top boy/girl and showing PE values.

For all PE and sporting events, children who demonstrated a high level of ability were identified and added to a register.
