Monday 12th July 2021

Hi Year 2,

I am Mr Bush and I am very excited about becoming your teacher next year in Attenborough Class. Year 2 is going to be fantastic as I teach you about lots of really interesting and amazing things. We are really pleased to have you in our class and cannot wait to learn all about you and the things you are interested in.

First, I thought I would tell you a little bit about me. I have been teaching for a few years now and I have taught Year 2 before so I have lots of knowledge and experience to help you along your own learning journey. Miss Allen will also be helping you with your learning and she has taught in Year 2 so she will be able to help you with all your new learning activities.

In the words of Maria in the film *The Sound of Music*, here are a few of our favourite things:

Mr Bush's favourite thing is fishing and loves spending time trying to catch Big Fish. He enjoys trying to make people laugh and smile.

Miss Allen likes exploring the outdoors with her family.

What are some of your favourite things? Are they the same as ours? Besides being a teacher, I also have other interesting facts you might like to know. Did you know that before I became a teacher, I worked as a computer programmer for over 15 years also, my biggest fish catch so far is an 80-pound cat fish which is heavier and much bigger than you and a friend probably! Did you know that Miss Allen has climbed Mount Snowdon with her family? I wonder if you have an interesting fact, you could share with us? We are looking forward to hearing all about your favourite things and interesting facts when we meet again on Thursday 15th July.

We are already looking forward to welcoming you back to Highbury Primary in September for lots of learning, fun and adventures! We hope you have an amazing summer holiday!

Best wishes
From Mr Bush and Miss Allen

Proud to be part of the UNIVERSITY OF CHICHESTER ACADEMY TRUST
