# How do I send my learning to the class teacher using my mobile phone?

To attach a copy of the work to share with us, you can take a photo and upload from your device by following the two steps. First, click the "Add Work" button.

Secondly, choose "Upload from this device".

When you have completed the activity, all that is left is to click the "Hand In" button at the top of the page.

This sends it zipping off to your teachers who will be able to see what you have been up to.

Your teacher will be able to look at your learning and send back feedback.
